

# keep redistricting fair

to redistrictingcommittee@hds.ilga.gov

I am a resident of Ohio, where the Republican Party is attempting to Gerrymander--aka steal--State and Federal legislative districts that they don't deserve. This will hamper the ability of Democrats to gain appropriate legislative power in what is almost a 50/50 state. Many of us are fighting vigorously against the Republicans' efforts.

The Ohio Republican-led Gerrymandering effort is wrong and immoral. This does not give permission to the Illinois Democrats to do the same. And it hurts our ability here in Ohio to demand a fair districting process.

Please conduct your efforts in Illinois fairly.
